

BADSHA FAYSAL

SENIOR STRUCTURAL DETAILER (STEEL & CIVIL)

Location: Mirpur, Dhaka, Bangladesh

Phone / WhatsApp: +880 1745-459928

Email: badshafaysal55@gmail.com

CAREER SUMMARY

Civil Engineer with 9+ years of experience in structural steel fabrication detailing, as-built & retrofitting drawing preparation, and on-site construction quality control. Expertise in Tekla Structures and AutoCAD for complex structural projects. Has worked on industrial projects for NRG Spinning Mills, AG Ceramics, Paragon Group and Sheltech Ceramics, with attention to local and international structural codes.

CORE SPECIALIZATION & TECHNICAL SKILLS

Software:	Tekla Structures, AutoCAD, Google SketchUp, ETABS, MS Office, Adobe Photoshop
Engineering:	Steel structure fabrication detailing, Bill of Materials (BOM) estimation, as-built drawing preparation, retrofitting designs (RCC & steel)
Compliance & quality:	Project assessment aligned with Accord on Fire and Building Safety and Alliance for Bangladesh Worker Safety. Supervised 100+ industrial and residential sites.

PROFESSIONAL EXPERIENCE

Senior Structural Detailer (Steel & Civil) – Newaz Steel Ltd.

June 2017 – Present

Dhaka, Bangladesh

- Lead the engineering and drawing section to coordinate design outputs with factory fabrication.
- Prepare steel structure fabrication and detailing drawings using **Tekla Structures**.
- Generate structural estimations and Bill of Materials (BOM) to minimize material waste.
- Audit and identify deviations between prepared drawings and initial project estimates.

Senior CAD Engineer (Drawing) – City Steel Limited

July 2016 – May 2018

Dhaka, Bangladesh

- Developed architectural and structural drawings for RCC and steel buildings using **AutoCAD**.
- Prepared retrofitting drawings for existing RCC and steel structures.
- Prepared structural drawings for Effluent Treatment Plants (ETP) and Water Treatment Plants (WTP).
- Carried out site inspections, cross-checked works against approved drawings, and prepared progress reports.
- Created 3D models in Google SketchUp for conceptual visualization.

KEY PROJECTS & MAJOR CLIENTS

- **NRG Spinning Mills:** Steel structure fabrication drawings, erection plans and detail connections for heavy industrial sheds.
- **AG Ceramics & Sheltech Ceramics:** Structural drawings and retrofitting plans for large-scale ceramic manufacturing plants.
- **Paragon Group:** As-built structural drawings and safety compliance assessments for agricultural and industrial facilities.

EDUCATION

B.Sc. in Civil Engineering – European University of Bangladesh <i>CGPA 3.43 / 4.00</i>	Passed 2021
Diploma in Engineering (Civil) – Pabna Polytechnic Institute, Pabna <i>CGPA 3.12 / 4.00</i>	Passed 2016
Secondary School Certificate (SSC) – Pabna Islamia Madrasha, Pabna <i>GPA 5.00 / 5.00</i>	Passed 2012

PROFESSIONAL TRAINING & CERTIFICATIONS

- **Architectural & Structural Detailing (Drawing & Design):** Sthapona Consultants, Khilkhet, Dhaka (3 months, 2016)
- **Diploma in AutoCAD:** CADD Training Centre, Gazipur, Dhaka (3 months, 2016)
- **Site Supervision & Project Management:** CADD Training Centre, Gazipur, Dhaka (3 months, 2016)
- **MS Office & Database Programming:** Paradise Computer Training Centre, Natore (6 months, 2012)
